BPW/PA Young Careerist 2018-2019 Report

**To: BPW/PA District Directors
District Young Careerist Chairs
Local Organization Presidents
Local Organization Young Careerist Chairs**

From: Terry Miller, BPW/PA Young Careerist Chair

Welcome to the 2018-2019 BPW/PA Year! This year is an exciting one as we celebrate 100 years of BPW/PA “Women Helping Women With Passion and Purpose”. It is my honor to be your BPW/PA Young Careerist Chair with BPW/PA President, Theresa Rusbosin leading us!

The Young Careerist Program allows our organization to persuade younger women to join us in sharing their vision for the future and the future of BPW/PA and maybe even take on leadership roles in our organization. The Young Careerist Program has been a part of BPW for decades and the mission of the Young Careerist Program is as relevant today as it was then. The purpose of YC is to recognize and celebrate the accomplishments of younger women while they gain confidence in their public speaking skills.

Each Local Organization and District must encourage participation as I am certain we all know women between the ages of 21 and 35. With the right amount of information and support these women can be Young Careerist participants. It is up to you as a leader in our organization to do whatever it takes to persuade younger women with whom you come in contact, to consider trying the Young Careerist Program. Show them that you are interested in them, in their ideas and in their forward progress professionally and personally.

The Young Careerist Program allows all BPW members to help prepare our younger women to take on leadership roles in their employment, communities and Locals. Please do your part to have a younger woman participate from your District as we help women in our Local Organizations and Districts “**celebrate with passion and purpose**”. Please contact me during the year so that I can assist you. I look forward to 100% participation by our Districts in the Young Careerist Program. BPW/PA Leaders, it is up to you to make this happen! Thank you!
